

NORWAY

The costs of running the collection and recovery system are covered by the membership fee paid by Materialretur's members in dependence on the pro rata consumption declared per period. The fee is distributed to the five material waste management companies. Every two months member companies submit a form to Materialretur AS declaring how much packaging they have put into circulation.

Materialretur AS is a non profit organisation owned by the five material waste management companies.

Plastic Packaging	NOK 1 = 100 Øre*	
All packaging items and films	140.0	Øre per kg
Expanded plastic (EPS and other types)	170.0	Øre per kg
Special rates: Carrier bags under 10 litres	1.4	Øre per piece
Carrier bags over 10 litres	2.1	Øre per piece
Plastic for hazardous products	140.0	Øre per kg

*All figures are exclusive of VAT. EUR 1 = NOK 7.92.

All members must pay a fee of a minimum of NOK 350 per annum

Fibre-based Packaging	NOK 1 = 100 Øre*	
Cardboard packaging base weight > 150 g/m ²	95.0	Øre per kg
Moulded fibre packaging for eggs, etc.	95.0	Øre per kg
All liquid board packaging containers	2.9	Øre per piece
Corrugated board and solid board > 600 g/m ²	5.0	Øre per kg

The licence fees are based on the total cost of setting up and maintaining the system. Costs are split between the participants according to the amount of packaging each puts into circulation.
